

LINCOLN MILITARY HOUSING

Valued San Luis Rey Resident,

Moss Construction has recently been approved to repair the water service couplings in your neighborhood. This project will include construction activity in the roadways, driveways and front yards of all the homes in your community. We anticipate working throughout the community between the dates of:

January 27th thru Spring 2020

* These dates are weather permitting and are subject to change. Water outages will be necessary to complete the repairs, specific date notifications will be provided to you well in advance of the activity. The scheduled outages will occur between the hours of 8:00am and 4:00 pm on the specific dates.

Areas of excavation will be protected with steel and wooden plates locations will be delineated where necessary.

Please approach construction vehicles carefully.

Please be on the lookout for additional notifications concerning this project soon.

We want to thank you for your dedicated service to our country and your cooperation during these property improvements.

Mesa District. Oceanside CA., Office ■ 760-385-5318 ■

SLR COUPLING REPLACEMENT ZONE SUMMARY
